## 2023 Ladies Day was a success!

The weather was great and the ladies had a lot of fun learning new skills along with some history. The Appleseed crew was awesome, and the Jamie's did a great job with the pistol lines. They had great instructors working with the ladies from beginner to advanced shooters. Archery & Tomahawks were the icing on the cake. Who doesn't love shooting arrows at targets from 15 feet in the air and throwing hatchets at a wall? A big thank you to all who made this event successful!!

## President's Report

Hello Club Members,  
Why are the primer manufacturers charging so much for primers? You can buy 22LR shells cheaper than primers. EVERY ONE of our club members needs to write to all the sporting good's businesses and let them know that until the cost of primers gets reasonable, you do not need ANYTHING else from them, also our representatives.

This needs to go viral. When it affects their bottom line, they will do something. Everybody talks but does nothing.

Be safe at your range.

THANK YOU

Mark Ericksen

## Vice President's Report

Important! Please vote for the bylaw change! The email link will be sent out about 1 week before the club meeting!

NEW CLUB MEMBERS will be accepted after June 6<sup>th</sup>!

**Bylaw Change! Please Vote Yes!**

**Bylaw Amendment** that changes membership start and end dates to be the date that the member joined the club (instead of every membership being January and ending in December) and makes renewals due one year after joining the club (instead of October of every year).

This eliminates confusion caused by renewals being due in October even though memberships don't end until December. This also makes renewals and opening up for new members easier to manage which will contribute to the mission of our club to grow the shooting sports.

**Section 3.01 will be changed to read as follows:**

Section 3.01. ELIGIBILITY. Any citizen or legal resident of the United States twenty-one (21) years of age or older, legally able to handle firearms, **and a member of the National Rifle Association (NRA) may become a member of this organization** after meeting all of the following conditions: a) passing the administrative and safety rules quiz as determined by the board, b) completing a Range & Safety Orientation, c) paying the current initiation fees and dues established by the board, and d) subscribing to the following pledge, to-wit: [pledge remains unchanged]

**Section 3.012 will be changed to read as follows:**

Section 3.012. TERMS OF MEMBERSHIP. Memberships shall be valid for one (1) year (a) beginning on the effective date of membership (join date) noted in the member's membership record or (b) beginning on the anniversary of the join date. Membership requires the individual member (a) complete and submit an application for membership or renewal, as designated by the board, (b) demonstrate understanding of TCGC administrative and safety rules, and c) pay any dues and fees required within one (1) month of their join date or for subsequent years of membership, within one (1) month the anniversary of the member's join date. Failure to complete the membership requirements will result in the termination of membership. Former members, other than life members, must apply as a "New Member."

**Section 3.013 will be deleted; its contents have been incorporated into 3.0**

Thank you!

## Safety Report

Nothing specific to report this month so thought I'd write a few thoughts, prompted by recent discussions with RSOs.

Safety Observations: Our Club relies on all of us working together to keep our ranges safe. If we see something, say something. My own attitude about safety whether on a range, officiating at a Match, or in a workplace, has been that I would feel bad if did not speak up and someone was later hurt in any way. For those of us who are NRA Certified RSOs, wearing the hat or badge shows our commitment to act if see safety issues. When giving feedback, be polite - I've found it best to provide constructive feedback about the observation, never aimed at the person. For example, after calling for cease fire if necessary, introduce yourself and use words such as "I noticed this ..." rather than "I saw you do this". If the observation is for Guests of a Member, be sure to include that Member in the discussion because we are responsible for our Guests. If you should ever receive feedback, think about the reason, don't feel threatened, and accept the feedback gracefully. If feedback results in conflict or "debate" about our Range Rules, I invite either Member to call or email me per below.

As always - when you are out enjoying your range, please do so safely. Always heed the red lights, and always be deliberate in your actions with firearms. If you ever have any questions, issues or concerns about safety at our range feel free to contact me.
