

TCGC Members

TCGC shotgun sports have grown to be a major asset of your club and the community. The youth shooting sports at TCGC have enjoyed the education, training, and experience that come with the discipline. With the completion of 5-Stand, the shooters just keep growing in numbers. The addition of sporting clays will greatly improve the quality of your club by completing all disciplines of shotgun sports.

What's next?

A great opportunity has come up for TCGC to purchase everything needed to build a 10 station course. Silverleaf Shooting Sports has offered 21 GP Traps target throwers and all the controllers necessary to have a complete setup. The offer will save your club thousands of dollars over buying a few machines at a time, thus shortening the timeline for completion.

The Layout-

10 stations with 2 traps at each. All controlled by Long Range trap counter system. Location of course will be the NW fence line parallel of the motocross track. All targets and stands will be set to facilitate shooting into the safety zone shared by the skeet/trap fields. Long Range counter system will allow for shooting on demand. Prepaid cards will be made available to the members. The Long Range system keeps track of all targets thrown and also sets the opening and closing times of the course.

Timeline-

The goal is to have completed by Fall 2021.

Cost-

21 throwers/12 2-trap controllers with reader (includes all accessories) \$33500
Labor to build stations will be provided by TCGC volunteers under the direction of Mark Ericksen.
Savings will be approximately \$40000
We expect this course to pay for itself in 1 1/2 to 2 years.

Funds to be used-\$33500 from general funds need to be approved by the TCGC voting members.

All other funds needed to complete the construction will come from the Shotgun account which is derived from the pay per use of skeet, trap, 5-Stand, and donations/fundraisers.

The benefit to your club and the community will be priceless. No need to drive an hour to another course. Expand the overall shooting experience for those looking for a challenge or to just tune up for bird season.

TCGC SPORTING CLAYS

Sptg. clays targets will be shot using the same safety zone the skeet & trap use.
